I think education is power. I think that being able to communicate with people is power. One of my main goals on the planet is to encourage people to empower themselves. --Oprah Winfrey

### Green Empowerment

They've trekked days through South American jungles with packing mules, made dodgy border crossings to war-torn Burma, and were one of the first groups in Afghanistan after 9/11, all to bring renewable electricity and water services to remote communities. Green Empowerment's projects can drastically improve the life of a village by sparking a local economy that provides livelihood, financial independence, and resources for infrastructure and schools.

### Be The Change:

Are you planning a vacation? Consider the possibility of using that time and money to empower the change you'd like to see in the world.
