Embracing a Miracle

She's been able to play a song on the piano after just hearing it since she was 5. She's been composing music since she was 10. She has a repertoire of more than 15,000 songs she can play from memory. She is also blind, autistic, mentally retarded and only 15. Young Brittany Maier is what many call a living miracle.

Be The Change:

Brittany's mom has started on a book about her daughter. Read the first three chapters of "Embracing a Miracle".
