The true way to render ourselves happy is to love our work and find in it our pleasure. --Francoise de Motteville

Wonder Welders

The self-styled "wonder welders" of Dar es Salaam, Tanzania were offered technical training in welding by a local businessman in an imaginative scheme which has changed the lives of polio victims who previously had to beg on the streets to live. The welder's artistic collective has built a reputation for designing innovative and unusual metal animal sculptures that has provided these men with pride and a paycheck.
