Happiness is when what you think, what you say, and what you do are in harmony. --Gandhi

Inspiration to Action

You know it when it hits you. It's in the photograph you can't get out of your mind. It's in the poignant words that describe unimaginable human suffering or stoic perseverance. It's that conviction that something should be done, and maybe you should be the one to do it. National Geographic, last week, published a list of their top stories that inspired people to action.
