Showing up and staying present is a good writing day. --Karen Russell

The Daily Routines of 12 Famous Writers

"We often assume that great things are done by those who were blessed with natural talent, genius, and skill. But how many great things could have been done by people who never fully realized their potential? I think many of us, myself included, are capable of much more than we typically produce -- our best work is often still hiding inside of us. How can you pull that potential out of yourself and share it with the world? Perhaps the best way is to develop better daily routines." James Clear shares the daily routines of 12 well-known writers, and also distills lessons that can be applied to almost any goal.
