### Homeless Man with 'Golden Voice'

Ted Williams was homeless, but with a golden voice. A chance YouTube video changed everything. Williams story became a viral sensation on January 4, with the original YouTube clip reaching more than four million views in 24 hours. He was found by a dispatch reporter on the side of the road, using his incredible voice to collect money on the street, holding a cardboard sign that asks motorists for help and says, "I'm an ex-radio announcer who has fallen on hard times."
