Wonder is the beginning of wisdom. --Socrates

### **Wonder: When & Why The World Appears Radiant**

In his breathtaking new book author Paul R. Fleischman carries out an in-depth and masterful exploration of a unique and timeless human quality: Wonder. Remarkably researched and elegantly articulated the book is an invitation to come newly alive to the mystery and magnificence of being on this earth. This short excerpt takes an ordinary moment on a winter's morning and deftly opens our eyes to the extraordinary.

### **Be The Change:**

Take a moment to stop and look around you right now. Try opening your eyes to the wonder of this moment and all that it contains.
