

daily GOOD

To love is the greatest thing in life; it is very important to talk about love, to feel it, to nourish it, to treasure it, otherwise it will soon be dissipated, for the world is very brutal. If while you are young you don't feel love, if you don't look with love at people, at animals, at flowers, when you grow up you find that your life is empty; you will be very lonely, and the dark shadows of fear will follow you always. But the moment you have in your heart this extraordinary thing called love and feel the depth, the delight, the ecstasy of it, you will discover that for you the world is transformed.
